GLOBAL AUTOMAKERS OF CANADA STATEMENT CONCERNING APRIL 2ND TARIFFS

Toronto (April 2, 2025) – David Adams, President and CEO of Global Automakers of Canada states, “Tariffs are taxes that hurt consumers by increasing costs, driving up inflation, and unfairly impacting workers on both sides of the border.”

“At a time when automakers need certainty more than ever, we urge governments at all levels to consult with industry and think carefully about how to respond effectively to these unjustified tariffs, focusing on stability and maintaining competitiveness while minimizing unintended consequences.”

“Governments should look to long-term solutions to remove these tariffs, prioritizing the elimination of regulatory barriers to industry competitiveness and providing automakers with flexibilities to respond in these uncertain times.”
